

## Checklist of Workable Formats

This guide is aimed to help give you a brief overview of the formats workable with Translation Memory Systems (TMS). That way we can return the translations of your documents in the original format or as import files and you thereby save time and money! Formatting instructions and pictures are protected during translation so that they cannot be edited or deleted.

### 1 STANDARD FORMATS

---

- Microsoft Word (\*.doc; \*.dot)
- Microsoft PowerPoint (\*.ppt; \*.pps; \*.pot)
- Microsoft Excel (\*.xls; \*.xlt)
